In general medicine practices, the people you see every day are more than just your patients—they are your friends and neighbors. And when patients visit your office, they’re not just going to the doctor—they’re going to their doctor.

For nearly 100 years, Welch Allyn has been right there with you, providing innovative, affordable healthcare products and solutions that allow you to more effectively diagnose and treat your patients—whether you are caring for infants, the elderly, or any age in between.

At Welch Allyn, “innovation” means providing you with state-of-the-art products designed to meet your need for simplicity and efficiency. So you can see more patients, perform more procedures, and provide more complete on-site care.

Comprehensive Partnership Program
A support services program designed specifically for your busy medical practice.

The Welch Allyn Comprehensive Partnership Program is designed to help manage your equipment and ensure it helps you provide continuous care for your patients while improving the bottom line. It’s simple, cost-effective and from a partner you’ve come to rely on—Welch Allyn.

- Remote Technical Support—Troubleshoot issues, download updates and more using our trained technical staff and the Welch Allyn Service Tool
- Parts and Labor—Everything is included in your agreement
- Faster Turnaround Time—Prompt, dependable service to help ensure minimal down time
- Loaner Coverage—Advanced replacement or access to loaners during repair to ensure equipment is always available
- Free Shipping—All costs associated with shipping the product will be covered
- Training Discounts—Special pricing for clinical and technical training when needed and where available
- Calibration—As an available option, fully covered costs to have your device calibrated and certified annually
- Accessory Protection—Replacement of most of the accessories originally included with your device

Advantages of the Comprehensive Partnership Program over a Standard Warranty
Make sure you have the support you need. While product warranties provide basic assurance of Welch Allyn hardware quality, they may not include the full range of services and support you need for achieving your service level and cost objectives.

How does your practice handle interruptions to your workflow when your equipment is down?
Welch Allyn Integrated Wall System Solutions

- Eliminate frustrating and time-consuming searches for individual pieces of equipment
- Prevent equipment from being lost, stolen or misplaced
- Configure wall systems based on your workflow needs

- Standardize or choose the technology you need for each facility
- Upgrade to the Welch Allyn LED Replacement Lamps for greater energy efficiency and lower cost of ownership

Connex® Vital Signs Monitor
- Connectivity ready
- Full automation of digital parameters
- Optional SpO2

Connex® ProBP™ Digital Blood Pressure Device
- Connectivity ready
- Automated blood pressure

Wall Aneroid
- Mechanical/traditional blood pressure

SureTemp® Plus 690 Electronic Thermometer
- Provides accurate oral temperature readings in about 4 to 6 seconds, 10- to 13-second pediatric axillary and rectal temperatures and 12- to 15-second adult axillary temperatures

Braun ThermoScan® PRO 4000 Ear Thermometer
- Ergonomically designed ear thermometer to take temperatures easily and accurately

Green Series™ 777 Integrated Wall System

- Standardize your facility with a sturdy, predrilled mounting board that mounts easily to any wall.
- Help reduce facility cost with an energy-efficient product
- Help improve workflow with contoured handles that automatically turn on/off
- Configure to meet your needs with your choice of optional KleenSpec® Disposable Diagnostic or Pneumatic Specula Dispenser
- Durable, easy-to-clean, high-impact ABS housing

FIVE COMMON SYSTEMS DESIGNED FOR GENERAL MEDICINE

### #84MTXVC-B
- Connex Integrated Wall System with Blood Pressure, Nellcor® SpO2, SureTemp Plus, Coaxial and Macroview

### #84MTXVP-B
- Connex Integrated Wall System with Blood Pressure, Maxim® SpO2, SureTemp Plus, Coaxial and Macroview

### #84MTXVP-B
- Connex Integrated Wall System with Blood Pressure, Nellcor® SpO2, SureTemp Plus, PanOptic and Macroview

### #84MTXVP-B
- Connex Integrated Wall System with Blood Pressure, Maxim® SpO2, SureTemp Plus, PanOptic and Macroview

PanOptic® Ophthalmoscope
- 5x larger field of view of the fundus vs. standard ophthalmoscopes in an undilated eye 0.5° vs. 0.1°
- #11810 PanOptic Ophthalmoscope
- #11820 PanOptic Ophthalmoscope with Cobalt Blue Filter and Add-On Corneal Magnifying Lens

Coaxial Ophthalmoscope
- Multiple aperture/filter options provide long-lasting, reliable performance for general and specialist examinations
- #11720 Includes: 6 Apertures and Red-free, Cobalt Blue, and Polarizer Filters

MacroView™ Otoscope
- A nearly complete view of the tympanic membrane with approximately twice the field of view and 36% greater magnification than a traditional otoscope

KleenSpec® Disposable Specula Dispenser
- Offers optimum organization of disposable otoscope tips

Pneumatic Otoscope
- Provides bright white light output and a rotating lens with ultrasonic

**EXECUTIVE DIRECTOR, HEALTH CARE**

“...we purchased the Welch Allyn Integrated Diagnostic System for all our new healthcare center exam rooms and have been extremely pleased. They’ve added to our efficiency.”

---

**PAUL LOBBE, EXECUTIVE DIRECTOR, HEALTH CARE UNIVERSITY OF NEW ENGLAND**
PanOptic™ Ophthalmoscope

The revolutionary PanOptic provides easy entry into the eye, together with a wider field of view to more easily observe conditions such as hypertensive retinopathy, diabetic retinopathy, and papilledema.
- Fast, easy entry into undilated pupils
- 5x larger view of the fundus vs. standard ophthalmoscopes in an undilated eye
- 25º field of view vs. the standard 5º field of view
- Greater working distance improves comfort for both practitioner and patient
- Helps detect corneal abrasions with cobalt blue filter and magnifying lens

#11820 PanOptic Ophthalmoscope with Cobalt Blue Filter and Corneal Viewing Lens
#11870 Patient Eyecups (package of 5)

Digital MacroView™ Otoscope

Offering you clear, live and still images of the ear canal and tympanic membrane, the Digital MacroView Otoscope is a valuable tool for the diagnosis and treatment of your patients’ ears. Easy to learn and use, the Digital MacroView is a plug-and-play system requiring no additional purchase of software.
- Improves communication, which can lead to better client compliance
- Excellent training aid for educational purposes
- Offers you the ability to view small details
- Allows you to store digital images in patient records for enhanced documentation of exam findings
- Provides you the ability to share images with other providers as visual descriptive reference

#32382 Digital MacroView Otoscope with 10 ft USB Cable and Set of Four Reusable Ear Specula
#52432-U Disposable KleenSpec® 524 Series Specula, 2.75 mm (850/bag, 10 bags/case)
#52434-U Otoscope Tips for MacroView™ Otoscope S24 Series Specula, 4.25 mm (850/bag, 10 bags/case)

"The PanOptic ophthalmoscope’s breadth of the field of view gives me a much greater visual appreciation of retinal structures. It increases my confidence during an exam."
— LARRY CLINEPETER, MD, BOSTON, MA

iExaminer™

Capture, Store, Send, Retrieve

- Adapter to PanOptic allowing rapid capture of fundus images on your iPhone® 4/4S for easy, cost-effective documentation
- Send images to peers across the continuum of care at a moment’s notice
- Easily portable, allowing you to capture images in any clinical environment
- Lower cost solution than traditional equipment for imaging the eye
- Facilitates patient education and compliance

#11840 iExaminer Adapter (only)
#11842 iExaminer Set, complete with #11820 PanOptic, #11840 adapter, #71600 Lithium ion handle, #5815-M Soft Case

MacroView™ Otoscope

The MacroView Otoscope delivers almost twice the field of view at higher magnification compared to standard otoscopes, making it easier to visualize the auditory canal and tympanic membrane. This instrument is a significant advance in hand-held otoscopy, providing an improved view for enhanced learning and decision making.
- A nearly complete view of the tympanic membrane with approximately twice the field of view and 30% greater magnification than a traditional otoscope
- Better clarity and definition of landmarks
- The ability to adjust focus for variable ear canal length or farsighted eyes
- Tip grip for secure fastening and ejection of ear specula

#23820 MacroView Otoscope with Throat Illuminator
#23810 MacroView Otoscope
#52432-U Disposable KleenSpec® S24 Series Specula, 2.75 mm (850/bag, 10 bags/case)
#52434-U Otoscope Tips for MacroView™ Otoscope S24 Series Specula, 4.25 mm (850/bag, 10 bags/case)
#52700 Instrumentation Specula (Directional Tip for #323810 and #23820 MacroView Otoscope (48/bag, 4 boxes/case)

3.5 V Operating Otoscope

- Open system makes procedures more convenient
- Rotatable lens and speculum

#32170 3.5 V Operating Otoscope
#52133 Disposable KleenSpec® S21 Series Specula, 3 mm (500/bag, 10 bags/case)
#52134 Otoscope Tips for S21 Series Specula, 4 mm (500/bag, 10 bags/case)
#52135 Pneumatic Otoscope S21 Series Specula, 5 mm (500/bag, 10 bags/case)

3.5 V Pneumatic Otoscope

- Fiber optic illumination produces cool light
- Rotatable head for left- and right-sided viewing
- Sealed system for improved pneumatic otoscopy

#52030 3.5 V Pneumatic Otoscope
#52133 Disposable KleenSpec® S21 Series Specula, 3 mm (500/bag, 10 bags/case)
#52134 Otoscope Tips for S21 Series Specula, 4 mm (500/bag, 10 bags/case)
#52135 Pneumatic Otoscope S21 Series Specula, 5 mm (500/bag, 10 bags/case)

3.5 V EpiScope

- Free reference guide available for patient education

#47300 3.5 V Halogen EpiScope with Reticle Contact Plate

3.5 V Coaxial Ophthalmoscope

- Detect corneal abrasions with cobalt blue filter
- Coaxial optical system produces shadow-free spot viewing
- Polarizing filter virtually eliminates corneal reflection
- Sealed optics keep out dust and dirt

#11720 3.5 V Coaxial Ophthalmoscope

3.5 V Pneumatic Otoscope

- Flexible hand-held device
- Handspec holder for secure fastening and ejection of ear specula
- Open system makes procedures more convenient

#323810 and #23820 MacroView Otoscope (48/bag, 4 boxes/case

3.5 V EpiScope

- Provides 10 times magnification and illumination for crisp, clear viewing
- Reticle contact plate facilitates measurement and tracking of lesion growth
- Halogen illumination for true tissue color
- Free reference guide available for patient education

#47300 3.5 V Halogen EpiScope with Reticle Contact Plate

3.5 V Skin Surface Microscope

- Helps distinguish pigmented skin lesions such as basal cell carcinoma vs. malignant melanoma by providing the ability to magnify, illuminate and measure
- Provides 10 times magnification and illumination for crisp, clear viewing
- Reticle contact plate facilitates measurement and tracking of lesion growth
- Halogen illumination for true tissue color
- Free reference guide available for patient education

#47200 3.5 V Halogen EpiScope with Reticle Contact Plate

INTEGRATED SYSTEMS AND COMPONENTS

INTEGRATED SYSTEMS AND COMPONENTS

INTEGRATED SYSTEMS AND COMPONENTS

INTEGRATED SYSTEMS AND COMPONENTS
3.5 V Lithium Ion Rechargeable Handle

Twice the power, half the weight.
- Smaller diameter and half the weight of a full-size 3.5 V NiCad handle
- 120 minutes of operation between charges
- Charges in Universal Desk Charger or with removable AC adapter
- Low battery indicator light

#71900 Handle with Removable AC Adapter
#71910 Handle Alone, for use with Universal Desk Charger

3.5 V Nickel Cadmium Rechargeable Handle

Traditional chrome-plated brass construction for durability and long life.
- Smooth, nonabrasive knurled finish ensures a no-slip grip
- 60 minutes of operation between charges
- Can also be converted for use with standard C-cell batteries
- Charges in Universal Desk Charger and numerous stand consoles and wall chargers

#71000-A Rechargeable Handle
#71000-C Rechargeable/Convertible Handle
#71670 Rechargeable Handle for Desk/Well Chargers

Universal Desk Charger Set

Keep your diagnostic instruments powered up and ready to go with our most popular handles and instruments in one easy-to-order set.
- Colored LEDs signal power is “on” and instruments are charging
- Advanced circuitry ensures constant, safe charging and optimum, long-lasting lamp life
- Optional—wall mount kit and/or specula tray

#71811-MPS Universal Desk Charger plus:
- PanOptic™ Ophthalmoscope (#11720)
- Diagnostic Otoscope (#20000)
- Digital MacroView Otoscope (#23820)
- NiCad Handle (#71670)

#71841-MS Universal Desk Charger plus:
- Coaxial Ophthalmoscope (#11730)
- MacroView™ Otoscope (#23810)
- Lithium Ion Handles (#71910)

SureTemp® Plus 690 Electronic Thermometer

Easy to use with intuitive operation and improved accuracy. The device takes approximately 4- to 6-second oral temperatures, 10- to 13-second pediatric axillary and rectal temperatures, and 12- to 15-second adult axillary temperatures.
- Interchangeable, removable probe wells to reduce the risk of cross-contamination
- Large LED displays temperatures in Fahrenheit or Celsius
- Last temperature recall
- Takes approximately 6,000 readings on 3 AA batteries

#01690-200 SureTemp Plus 690 Thermometer with Oral Probe and Well (4 ft)
#01690-300 SureTemp Plus 690 Thermometer with Wall Mount, Oral Probe and Well (8 ft)
#01690-400 SureTemp Plus 690 Thermometer with Wall Mount, Oral Probe and Well (4 ft)
#01690-201 SureTemp Plus 690 Thermometer with Rectal Probe and Well (4 ft)
#01690-301 SureTemp Plus 690 Thermometer with Wall Mount, Rectal Probe and Well (8 ft)
#05031-101 Probe Covers (box of 1,000)

Universal Desk Charger plus:
- PanOptic™ Ophthalmoscope (#11810)
- MacroView™ Otoscope (#23810)
- (2) Lithium Ion Handles (#71910)

#71841-MS Universal Desk Charger plus:
- Coaxial Ophthalmoscope (#11720)
- MacroView™ Otoscope (#23810)
- (2) NiCad Handles (#71670)

30K the lamp life of a traditional halogen lamp in just one LED lamp.

The Welch Allyn LED lamp provides up to 80% cost savings over the life of the lamp versus our equivalent halogen lamp, plus:
- Triple the examination time on a fully charged battery handle
- Consistent color even when light intensity is reduced
- LED color and patented circuitry designed specifically for intended examinations
- Lower heat buildup for increased clinician and patient comfort
- 7-year guarantee

3XK the lamp life of a traditional halogen lamp in just one LED lamp.

- Triple the examination time on a fully charged battery handle
- Consistent color even when light intensity is reduced
- LED color and patented circuitry designed specifically for intended examinations
- Lower heat buildup for increased clinician and patient comfort
- 7-year guarantee

BRAUN ThermoScan PRO 4000 Ear Thermometer

The speed and accuracy you need for all types of patients. The exclusive ExactTemp™ technology provides an active user feedback system to ensure proper positioning.
- Excellent accuracy and repeatability through a preheated probe tip and sensor
- Probe cover detection system ensures a new probe cover is used each time, ensuring precise infrared heat transfer for accurate temperatures
- Easy-to-read LCD displays temperature in Fahrenheit or Celsius
- Last temperature recall
- Optional charging and security features with use of Base Station

#04000-200 Braun ThermoScan PRO 4000 Ear Thermometer
#04000-200 Braun ThermoScan PRO 4000 Ear Thermometer
#24001-1000 Recharging Base Station
#05075-800 Probe Covers (case of 800)
Wall and Mobile Aneroids

Improved ergonomics and a modern design make this an easy-to-use and attractive blood pressure aneroid. Based on nearly a century of experience building and designing innovative blood pressure technology, it’s the smart choice for accurate and reliable readings in your facility.

- Certified accuracy to ±3 mmHg
- Withstands 30” drop
- Laser-engraved dial face for accuracy
- Gauge rotates 360° for easy viewing and snaps directly into cuff for quick cuff change
- Latex free for safety
- 10-year calibration warranty

#4545-11 Aneroid with Reusable One-Piece Adult Cuff
#4545-11C Aneroid with Reusable One-Piece Adult Cuff and Zippered Case

Advanced DuraShock™ Technology

The unique design allows gauges with DuraShock Technology to be shock-resistant, providing additional durability and requiring calibration less often than many competing gauges. In fact, Welch Allyn gauges can fall 30 inches or 60 inches (depending on the gauge) onto a hard surface and still remain accurate. These gauges will provide more accurate readings with lower lifetime cost than traditional technology.

DS45 Integrated Aneroid

The first gear-free, shock resistant aneroid sphygmomanometer with integrated cuff.

- Certified accuracy to ±3 mmHg
- Withstands 30” drop
- Laser-engraved dial face for accuracy
- Gauge rotates 360° for easy viewing and snaps directly into cuff for quick cuff change
- Latex free for safety
- 10-year calibration warranty

#5098-27 Gauge with Reusable One-Piece Adult Cuff
#5098-30 Multi-Cuff Kit with Reusable One-Piece Cuff (child print, small adult, adult, large adult) and Zippered Case
#5098-30CB Multi-Cuff Kit with Two-Piece Cuff and Bladder (child print, adult, large adult) and Zippered Case

DS48A Classic Pocket Aneroid

The Welch Allyn Tycos® DS48A Classic pocket-style aneroid, featuring DuraShock™ technology, is lightweight and will not weigh down a cuff on a patient’s arm.

- Certified accuracy to ±3 mmHg
- Laser-engraved dial face guarantees consistent, accurate readings
- Withstands 60” drop
- Convenient metal clip
- Jeweled movement for longer life
- Lifetime calibration warranty

#5090-02 Gauge Only
#5090-02C Gauge with FlexPort® Adult Cuff
#7670-01 Wall Aneroid with Reusable One-Piece Adult Cuff
#7670-03 Mobile Aneroid with Reusable One-Piece Adult Cuff

SAFETY AND CONVENIENCE

Welch Allyn aneroids use reusable one-piece blood pressure cuffs, providing durable latex-free construction, bladderless design making cleaning easy and effective, and three-year warranty. Cuffs and bladder style cuffs are available with all aneroids by adding “CB” to the part number (e.g., DS58-11CB).

DS66 Trigger Aneroid

Innovative trigger release design for easy operation.

- Certified accuracy to ±3 mmHg
- Withstands 30” drop
- Laser-engraved dial face for accuracy
- Jeweled movement for longer life
- Trigger deflation valve for smooth, one-finger operation
- Latex free for safety
- 15-year calibration warranty

#5098-27 Gauge with Reusable One-Piece Adult Cuff
#5098-30 Multi-Cuff Kit with Reusable One-Piece Cuff (child print, small adult, adult, large adult) and Zippered Case

Tycos® DS58 Classic Aneroid

Unsurpassed reliability in a traditional, handheld design with gear-free DuraShock™ technology.

- Certified accuracy to ±3 mmHg
- Withstands 60” drop
- Thumbscrew bleed valve
- Laser-engraved dial face for accuracy
- Jeweled movement for longer life
- Premium inflation system for comfort
- Latex free for safety
- Lifetime calibration warranty

#5098-11 Gauge with Reusable One-Piece Adult Cuff and Zippered Case
#5098-11C Multi-Cuff Kit with Reusable One-Piece Cuff (child print, small adult, adult, large adult) and Zippered Case

DS45-11 Aneroid with Reusable One-Piece Adult Cuff
#4545-11C Aneroid with Reusable One-Piece Adult Cuff and Zippered Case

Welch Allyn offers Mercury Disposal. Mercury spills are a costly and hazardous distraction. In fact, some parts of the country are regulating and even banning medical products containing mercury, such as thermometers and sphygmomanometers. Welch Allyn is helping—with our own mercury-free sphygmomanometers, and with a program that will safely dispose of your existing mercury sphygmomanometers. For more information, contact your local Welch Allyn representative or visit the EPA website at www.purdue.edu/dp/envirosoft/mercury/src/title.htm
Professional Stethoscope
Comfortable and affordable, designed for general use.
- Stainless steel double-head (bell and flat diaphragm) chestpiece with nonchill rim
- Rotatable binaurals and interchangeable comfort sealing ear tips
- 28” length
- 5-year warranty
- Latex free

#5079-135 Professional Stethoscope, Adult, Double Head, Black
#5079-137 Professional Stethoscope, Adult, Burgundy
#5079-139 Professional Stethoscope, Adult, Navy
#5079-285 Professional Stethoscope, Adult, Forest Green
#5079-145 Professional Stethoscope, Pediatric, Double Head, Black

Harvey™ DLX Stethoscope
Cardiology grade, developed for precision and acoustic clarity.
- Full-range cardiology/pulmonology stethoscope
- Chrome-plated brass chestpieces
- Available with double-head (bell and flat diaphragm) or rotatable triple-head (brass bell and flat or corrugated diaphragm) chestpieces
- Pediatric chestpieces available
- Rotatable binaurals and interchangeable comfort sealing ear tips
- Triple-leaf binaural spring encased in polyurethane allows adjustment without the risk of breaking
- 28” length
- 10-year warranty
- Latex free

#5079-325 Harvey DLX Stethoscope, Double Head, Black
#5079-326 Harvey DLX Stethoscope, Double Head, Burgundy
#5079-327 Harvey DLX Stethoscope, Double Head, Navy
#5079-328 Harvey DLX Stethoscope, Double Head, Forest Green
#5079-329 Harvey DLX Stethoscope, Triple Head, Black

Harvey™ Elite® Stethoscope
Lighter weight, cardiology grade.
- Full-range cardiology/pulmonology stethoscope
- Double-head (bell and flat diaphragm) stainless steel chestpiece with nonchill rim
- Pediatric chestpieces available
- Rotatable binaurals and interchangeable comfort sealing ear tips
- Triple-leaf binaural spring encased in polyurethane allows adjustment without the risk of breaking

FlexiPort® Blood Pressure Cuffs
True standardization in a snap.
Long-lasting, easy to use, and affordable, Welch Allyn cuffs are the top choice for hospitals and clinics around the world. Why? Because Welch Allyn can offer you virtually every type, size, and configuration of cuffs, along with the ability to simplify inventory like no other cuff provider with our innovative FlexiPort® connection, which makes every cuff a one- or two-tube cuff.
- Easy one-hand attachment/detachment of tubing from FlexiPort makes changing cuffs much faster and easier
- Tested to withstand demanding clinical environments
- 3-year warranty
- Meets all the latest clinical guidelines for proper fit from AAMI and AHA
- Standardizing can reduce part numbers by up to 60%

Visit welchallyn.com/flexiport to see how FlexiPort cuffs can improve your facility, in a snap.
CardioPerfect® Workstation Software

Easy-to-use, intuitive software that is EHR ready. For use with the Resting or Exercise ECGs, SpiroPerfect® Spirometer, PC-Based ECGs and ABPM.

- Access your patient data across the entire family of cardipulmonary products with Welch Allyn CardioPerfect Workstation Software.
- This software manages data from these different diagnostic tests in the same way, allowing you to store all of your patient information in the same record. This permits you to retrieve and analyze information quickly, allowing you and your staff to be more efficient.
  - Retrieve records with the touch of a key, and review and edit right on the screen
  - Access information from your exam rooms, your office, or at home
  - Fax or e-mail reports directly for consults
  - A vital component of any HIPAA-compliant program

PC-Based Resting ECG

The Welch Allyn PC-100 turns any PC into a full-featured electrocardiograph. Intuitive Windows® operation makes it easy for your staff to learn and use, while the power and features of a PC-based system will save money and increase utilization of existing equipment. And with its ability to connect with leading EHR systems, you’ll be able to spend less time on paperwork and more time with your patients.

- Large-screen display saves time and eliminates repeat ECGs
- ECG measurements speed physician review and interpretation
- Programmable report formats that print on plain paper using inkjet or laser printer
- Optional ECG interpretation available
- Upgradable—leverage your investment by adding exercise ECG, spirometry or ambulatory blood pressure

PC-Based SpiroPerfect® Spirometer

In seconds, you and your staff can see and compare accurate results from pulmonary function tests. You can clearly evaluate pulmonary obstruction or restriction, increase success rates of patients who are undergoing smoking cessation, show progress, and help pediatric patients comply with test procedures.

- Fast, reliable pre/post-bronchodilator FVC, SVC and MVV testing with automatic interpretation and reversibility analysis
- Instantly verify quality and variability of test performance and compare previous tests using the trending tool
- Motivate children with incentive graphics—for pediatric patient coaching
- Reduce risk of cross-contamination with single-use disposable transducers

PC-Based Exercise ECG

Welch Allyn PC-Based Exercise ECG Systems offer flexible and affordable clinical features to meet any testing requirements and provide advanced database functionality for paperless storage.

- 12-lead ECG mode for baseline ECGs
- Select commonly used stress protocols or customize your own
- Records and monitors all 12 leads simultaneously
- View any leads in 3-, 6-, or 12-lead screen formats
- Reports can be printed on demand or at predefined intervals
- Arrhythmia detection is available throughout the test
- Data is stored on hard drive, allowing access to test results at any time

Holter Systems

User-friendly, powerful systems that are tailored to meet your needs. Features easy-to-use software and recorders that can improve patient compliance.

Office Holter Software (PCH-100)

Easy-to-use software with detailed analysis. Fast transfer of recordings and custom report formats.

- Intuitive menus allow you to easily program your test using Start Test Wizard
- Transfer recordings in just minutes
- Highlight key areas for further analysis with our unique summary results presentations

Expert Holter Software (PCH-200)

In addition to all of the features offered in the PCH-100 software, the PCH-200 software offers the following:

- Review detailed views of results from any entry point: Forms, Arrhythmias, Heart Rate and ECG review modes
- Utilize our comprehensive editing tools to: review and edit down to the beat level; relabel beats individually or as a form; mark, label and insert ECG strips as required; and mark and label regions as artifact/afib/flutter

ABPM 6100

Accurate 24-hour ambulatory blood pressure monitoring with simple, one-button operation and powerful Windows®-based reporting software.

- Easy patient hook-up with unique sleeve cuffs
- Lightweight, compact and quiet for improved patient compliance
- Dynamic inflation automatically limits maximum cuff pressure for patient comfort
- Comprehensive, customizable reporting software enhances data analysis and clearly indicates patient’s dipper status
- Trending tool for long-term evaluation and medication management

HR-100 Holter Recorder

- 2- to 3-channel recording
- 24-48 hours of recording time
- Pacer detection
- Wireless transfer to patient’s ECG in real time to verify electrode quality and placement
- Remote initialization

HR-300 Holter Recorder

In addition to the features offered in the HR-100, the HR-300 offers the following:

- Display in real-time ECG preview or test programming
- Remote initialization
- Capture test data at 200, 500 or 1000 samples per second

ABPM 6100S

ABPM 6100 Monitor and Software

#ABPM-6100S
Electrocardiographs

Our multichannel electrocardiographs (ECGs) are flexible enough to work in almost any office setting. The cost-effective Welch Allyn CP 100 and full-featured Welch Allyn CP 200 are reliable, easy-to-use devices that make taking an ECG more efficient for you and your staff. And with intuitive design and advanced software features, you can manage and quickly generate patient data as you need it.

Welch Allyn CP 100 and CP 200 common features:
- Full alphanumeric keyboard and LCD display for fast and easy entry of patient information
- Advanced filters for optimal ECG trace quality ensure accurate readings
- Customizable report formats allow you to print information the way you need
- Lithium battery technology lets you take the device to the patient

Welch Allyn CP 100™ ECG

A reliable, easy-to-use, and cost-effective ECG device designed for almost any office setting.
- A noninterpretive 12-lead resting ECG that provides accurate measurements
- Optional MEANS ECG interpretation software helps you interpret results
- High-resolution thermal printer generates standard full-sized reports and multiple printouts in the channel configuration you need
- Lead quality graphic saves valuable time and ensures accurate data capture by highlighting poor connections
- Workstation Software through hardwire cable interface
- Store up to 50 ECGs and 50 spirometry tests for later review and editing of patient data and interpretation
- Optional cable arm and shelf
- A must if you intend to move your device around the office
- Optional ECG Carts

CP 200™ ECG

An easy-to-use, full-featured device with advanced options to help streamline workflow in your office.
- Same features as the CP 100 plus:
  - Larger color LCD screen allows you to preview critical information
  - Save time by using dedicated function or “soft keys” to perform the most common functions without scrolling through menus
  - Store up to 50 ECGs and 50 spirometry tests for later review and editing of patient data and interpretation
  - Connect directly and easily to the Welch Allyn CardiPerfect® Workstation Software through hardwire cable interface
  - Optional spirometry testing and optional MEANS interpretation software

ECG Carts
- A must if you intend to move your device around the office
- Optional cable arm and shelf
- Workstation Software through hardwire cable interface
- Ability to manually enter patient height, weight, pain and respiration rate, calculates BMI
- Connects to select Health o meter® or Tanita® digital scales
- Full color, touch screen monitor
- EHR connectivity-ready
- Full-reading memory allows retrieval of previous data for review or download
- EDR connectivity-ready
- Bigger, brighter LCD display provides greater visibility from farther distances

Spot Vital Signs® LXi Device

A faster electronic spot check device with enhanced parameters and greater connectivity capability.
- SureBP® measures blood pressure in 15 seconds—resulting in time savings for you and improved comfort for your patients. Pulse rate and MAP included
- Choice of SureTemp® Plus or Braun ThermoScan® PRO 4000 ear thermometer
- Optional Maximo® and Nellcor® SpO2
- SureTemp Plus or Braun ThermoScan PRO 4000 ear thermometer
- Ability to enter weight, height, respiration rate, and pain level; calculates Body Mass Index
- Connects to select Health o meter® or Tanita® digital scales
- 50-reading memory allows retrieval of previous data for review or download
- EDR connectivity-ready
- Bigger, brighter LCD display provides greater visibility from farther distances

Connex® Vital Signs Monitor 6000 Series

Working directly with clinicians, we’ve designed a simple yet revolutionary device that can improve your workflow, reduce transcription errors, and give you back valuable time to focus on patient interaction and care. Automated, “all-in-one” electronic capture of vitals data can be stored in the device or sent directly to your EMR.
- Full color, touch screen monitor
- Unique, customizable blood pressure averaging program
- Home screen groups functions needed for meeting current Meaningful Use requirements and hypertension management
- SureBP® technology measures BP in 15 seconds, pulse rate and MAP included
- Supports adult, pediatric and neonatal NIBP
- SureTemp Plus oral, pediatric or adult axillary, and rectal thermometry and/or Braun ear thermometry
- Maximo® or Nellcor® SpO2
- Spot check of NIBP, pulse rate, temperature and SpO2 in approximately 30 seconds
- Ability to manually enter patient height, weight, pain and respiration rate, calculates BMI
- Connectivity to a broad range of Health o meter® and DICTECO® electronic scales
- 9 Cell lithium battery for 8 hours of on-time performance

Available in mobile, wall-mounted, or desktop workflow options

Spot check of NIBP, pulse rate, temperature and SpO2 in approximately 30 seconds
Propaq® CS Monitor
Cost-effective continuous vital signs monitor that features a bright, full-color touchscreen display, easy-to-use menu functions and is ideal for procedural sedation and recovery for Gastroenterology, Endoscopy, Pain Management, Ophthalmology, Oral/Maxillofacial and Multi-specialty clinics.
- 3- or 5-lead ECG, Masimo SET® or Nellcor® OxiMax® SpO2, NIBP with Welch Allyn FlexiPort® technology, heart/pulse rate, respiration, temperature, capnography (sidestream and/or mainstream), invasive blood pressure (one or two channels)
- Full patient alarms including apnea alarming
- Trending on all parameters
- Programmable defaults on displayed parameters and alarm limits
- Printer

Please note that some of the features listed above are optional and should be discussed with your Welch Allyn representative.

THREE COMMON SYSTEMS DESIGNED FOR GENERAL MEDICINE
#9001-001288 ECG, Respiration, Nellcor SpO2, NIBP, 2 Temperature Channels, 8.5" x 11" Reports
#9001-004720 ECG, Nellcor SpO2, NIBP, 2 Temperature Channels, 8.5" x 11" Reports
#9001-005578 ECG, Respiration, Nellcor SpO2, SS etCO2, NIBP, 2 Temperature Channels, 8.5" x 11" Reports, Printer

Propaq® LT Monitor
Weighing in at just about two pounds, and with a shock resistance that can withstand a six-foot drop, the durable Propaq LT is ideal for reliable spot-check and continuous monitoring needs during pre-op, post-op and simple procedures.
- 3- or 5-lead ECG, Masimo SET® or Nellcor® OxiMax® SpO2, NIBP with Welch Allyn FlexiPort® technology, heart/pulse rate, respiration, temperature, capnography (sidestream and/or mainstream), invasive blood pressure (one or two channels)
- Continuous monitoring and spot check modes
- Storage of up to 20 full-disclosure data snapshots
- Print 8.5" x 11" reports from your PC via USB
- Ability to attach PDF to an electronic medical record from your PC
- 24-hour tabular and graphical trending
- Compact design, around the size of a paperback book
- Large color display option
- Numerous mounting options to match your facility workflow

Spot Vital Signs® Device
Quick, easy, accurate vital signs at an affordable price.
- Fast and accurate—completes NIBP, pulse rate, temperature, and SpO2 in approximately 30 seconds
- Automated, multiparameter and modular device
- Serial connectivity to EHR systems
- Set it on a countertop, mount it on a wall or wheel it on a mobile stand
- Big, bright, easy-to-read LCD screen
- Optional SureTemp® thermometry gives you the versatility to obtain oral, axillary and rectal temperatures
- Optional Maximo® or Nellcor® SpO2

#4200B-E1 Spot with NIBP only (includes Pulse Rate and MAP)
#4202TB-E1 Spot with NIBP and SureTemp Thermometry
#4203EB-E1 Spot with NIBP and Maximo Pulse Oximetry
#4203MTB-E1 Spot with NIBP, Maximo Pulse Oximetry and SureTemp Thermometry
#4203N0B-E1 Spot with NIBP and Nellcor Pulse Oximetry
#4203N0TB-E1 Spot with NIBP, Nellcor Pulse Oximetry and SureTemp Thermometry
#4700-56 Mobile Stand with Basket
#4701-62 Wall Mount with Basket
#4200-170 Connectivity Accessory Kit with PC IR Adaptor

PATIENT MONITORS AND SYSTEMS

Connex® ProBP™ 3400 Digital Blood Pressure Device
Accurate, reliable, connected blood pressure readings in the palm of your hand.
- SureBP™ technology enables accurate blood pressure readings in about 15 seconds improving efficiency and patient comfort
- Obtains accurate readings and minimizes errors, even in the presence of a weak pulse
- USB-wired technology enables connectivity to EHR systems
- Handheld, wall mount and mobile stand configurations
- Lithium ion battery technology delivers up to 100 readings on a single charge with rapid recharge time

Handheld
#34XFHT-B Connex ProBP 3400 with SureBP
#34XXXHT-B Connex ProBP 3400 with Standard BP

Wall Mount
#34XFHTT-B Connex ProBP 3400 with SureBP
#34XXXXT-B Connex ProBP 3400 with Standard BP

Mobile Stand
#34XFSST-B Connex ProBP 3400 with SureBP
#34XXXST-B Connex ProBP 3400 with Standard BP
KleenSpec® Cordless Illumination System

- Advanced LED light source provides improved visualization of the exam area by supplying brighter, whiter light
- No cord to get in the way during procedures
- Automatically illuminates upon insertion of the illuminator; once it is removed the light goes off
- #79910 Complete KleenSpec Cordless Illuminator with Charging Station
- #79900 Cordless Illuminator with Charging Station and Auxiliary Power Cord
- #59100 Disposable Sheath for Cordless Illuminator (100/box, 5 boxes/case)
- #79910 Charging Station for Cordless Illuminator
- #79810 Auxiliary Power Cord accessory for Cordless Illuminator

KleenSpec® Vaginal Specula with Attached Sheath

Reduces the risk of illuminator contamination.

- Preattached sheath easily pulls down over the Welch Allyn illumination system
- The deployed sheath protects the light cord from cross-contamination
- Unique, high-quality molded acrylic for patient comfort and reliability
- #58000S KleenSpec 580 Series Disposable Vaginal Specula with Sheath, Small (case of 72)
- #58001S KleenSpec 580 Series Disposable Vaginal Specula with Sheath, Medium (case of 72)
- #58004S KleenSpec 580 Series Disposable Vaginal Specula with Sheath, Large (case of 48)

KleenSpec® Disposable Sigmoidoscope

The finest in design and craftsmanship for optimal clinical performance.
- #53130 Box of 25 Disposable Specula with Obturators

KleenSpec® Corded Illumination System

The 580 Series KleenSpec Vaginal Speculum is compatible with the corded Illumination System (#78810) and Disposable Sheath (#58010). KleenSpec 580 Series Specula with attached Sheath also available in small, medium and large sizes.

KleenSpec® Disposable Sigmoidoscope System

A high-performance, disposable anoscope for a convenient, safe, and efficient examination.

- Halogen illumination and fiber optic light transmission provide true tissue color and an unobstructed view
- 45 degree bevel at distal end to facilitate instrumentation
- Convenient disposable speculum and obturator ready for instant use
- May be used with #73210 light handle (shown) or 3.5 V Welch Allyn handle
- #35150 Complete Illumination System, including fiber optic light head and light handle with cord
- #53110 Box of 25 individually wrapped disposable specula (19 mm x 10 cm) with obturators

590 Series KleenSpec® Vaginal Specula

Ergonomic design to help improve patient exams. Single-use speculum eliminates the time and expense of reprocessing metal specula.

- Improves patient safety by reducing risk of cross-contamination
- A wide handle for improved maneuverability and better balance
- Light pipe design provides a homogeneous spot and eliminates glare back
- Smooth, molded acrylic that will not pinch or bind tissue for greater comfort
- #590XX KleenSpec 590 Series Disposable Vaginal Specula, extra small (case of 96)
- #59000 KleenSpec 590 Series Disposable Vaginal Specula, small (case of 96)
- #59001 KleenSpec 590 Series Disposable Vaginal Specula, medium (case of 96)
- #59004 KleenSpec 590 Series Disposable Vaginal Specula, large (case of 72)
- #58014 KleenSpec Disposable Vaginal Speculum Dispenser

KleenSpec® Economy Series

Integrated illumination in an economical package.

- No sharp edges with this quality economy line
- Expendable illuminator can be re-sterilized up to 50 times before disposal
- #58000 KleenSpec 580 Series Disposable Vaginal Specula, Small (25 Specula in one bag/box)
- #58001 KleenSpec 580 Series Disposable Vaginal Specula, Medium (25 Specula in one bag/box)

KleenSpec® Disposable Sigmoidoscope System

The finest in design and craftsmanship for optimal clinical performance.
OAE Hearing Screener

- Fast, accurate results—about 10 seconds per ear
- Objective testing—no patient response required
- Clear results that don’t require caregiver interpretation

- Pass/Refer result provided by instrument
- 10 test memory storage in device
- Simple printer interface for easy patient data documentation

AudioScope® 3 Screening Audiometer

- View the tympanic membrane and ear canal while screening for hearing loss, quickly and accurately.
- Brilliant view of tympanic membrane and ear canal before and during screening
- Choice of three screening levels—20 dB HL, 25 dB HL, and 40 dB HL—at 500, 1000, 2000, and 4000 Hz for all ages
- Built-in 1000 Hz pretone lets patients “practice” listening first

AudioScope 3, Complete (AudioScope 3, Set of AudioSpec, Charging Stand, Recording Forms)

Ear Wash System

- Turn the entire process of cerumen removal into a clean, quick, safe procedure, with simultaneous irrigation and suction discharge.
- Eliminates messy outflow by automatically dislodging, removing and disposing of cerumen
- Transparent tip seals tightly and directs outflow back to sink and away from you and your patient
- You control and monitor suction, water temperature and pressure
- Safe, reduces risk of typical side effects like vertigo, nausea and tympanic membrane damage

SureSight® Vision Screener

- Screen for common vision problems with this child-friendly vision screener that engages youngsters, puts them at ease, and requires minimal cooperation.
- Five-second, automatic test
- Lights and sounds engage child’s attention
- Measures and indicates abnormal readings automatically—no provider interpretation is required
- Operates at a nonthreatening 14” (35 cm) distance
- Minimal cooperation is necessary, making it equally effective for children, disabled patients, and those with a language barrier

MicroTymp®3 Portable Tympanometric Instrument

- Speed, accuracy and ease of use combine to give you the perfect instrument for your practice.
- Features 1,000 Hz quick-interpretation mode for testing infants under the age of six months
- Test in seconds—ideal for young or uncooperative patients
- Foreground and background contrast LCD screen for easy viewing
- Three optional forms of information available for 226 Hz—tympanogram, numerical and interpretive data—making it flexible for your needs
- Compare middle ear function measurements side-by-side with easy-to-use graphs (226 Hz only)
- Tests print automatically or on-demand and can produce multiple copies for parent consultation or referral (for 226 Hz only—printing not available for 1,000 Hz)

MicroTymp®3 Set with Charging Stand and Printer

TM 286™ AutoTymp®

- More data for a more complete diagnosis.
- Tympanometry
- Ipsilateral acoustic reflex testing, and manual or automated audiometry packaged in a single, user-friendly device
- Multifunction capability enables effective management of ear health
Green Series™ Medical Exam Lights

Featuring white LEDs that provide a brighter, whiter light than ever before and consume less energy. Now you can see true tissue color during an exam or procedure while also reducing your current cost of ownership.

- LEDs as opposed to halogen, for a superior whiter, brighter light
- Uniform spot—no dark or hot spots—
  for enhanced visualization of the exam area
- No bulb replacement for cost savings and less waste
- Consumes less energy for reduced cost of ownership
- Touchless auto on/off controls to reduce the risk of cross-contamination
- Easy to clean
- 5-year limited warranty

GS Exam Light IV
- Keep very focused light in specific areas
- 3x the typical light output and features a highly flexible light pipe that is twice as long as conventional pipes
- Compact, unobtrusive head that ensures pinpoint accuracy and true tissue color during an exam

#48810 GS Exam Light IV with Table/Wall Mount
#48950 Mobile Stand for GS Exam Light IV
#48960 Tall Mobile Stand
#44215 Extended Wall Mount
#52640 Disposable Sheath (50/box, 5 boxes/case)

GS 600 Minor Procedure Light
- Ideal for minor procedures and exams
- Features 3 LEDs and a wider head specifically for demanding viewing conditions that require exceptionally good light
- Touchless dimming controls

#44600 GS 600 Minor Procedure Light with Mobile Stand
#44610 GS 600 Minor Procedure Light with Table/Wall Mount
#49955 Table/Wall Mount
#48960 Tall Mobile Stand
#44215 Extended Wall Mount
#52630 Disposable Sheath (50/box, 5 boxes/case)

GS 300 General Exam Light
- Perfect combination of intense light output and cool operation, all delivered in a compact design
- Affordable price and rugged performance

#44400 GS 300 General Exam Light with Mobile Stand
#44410 GS 300 General Exam Light with Table/Wall Mount
#48955 Table/Wall Mount
#48960 Tall Mobile Stand

GS 900 Procedure Light
- Perfect for minor procedures in the ambulatory care center, outpatient facility or physician’s office
- Features 6 LEDs, outstanding durability, extraordinary maneuverability and unparalleled spot quality
- Ceiling mount option maximizes floor space and direct light wherever it is needed
- Touchless intensity controls with minimal heat dissipation and high color temperature

#48900 GS 900 Procedure Light with Mobile Stand
#48900-C GS 900 Procedure Light with Ceiling Mount
#49000-V GS 900 Procedure Light with Wall Mount
#52630 Disposable Sheath (50/box, 5 boxes/case)

Green Series™ Portable Headlight

LED technology provides illumination precisely where it is needed, with cool, bright light that ensures comfort for both clinician and patient.

- Weighs just 4 ounces—one of the most comfortable and lightweight headlights available
- Supplies bright, white, shadow-free light for true tissue color

#49070R GS Portable Headlight with Rigid Headband and Direct Power Supply/Charger
#49070 GS Portable Headlight with Terrycloth Headband and Direct Power Supply/Charger
#3962 Soft Terrycloth Headbands (Box of 10)

LumiView™ Portable Binocular Microscope

Unique 3-D optics for viewing into small cavities.

- Adapts optical properties of binocular microscope to converge user’s vision into a magnified, 3-dimensional view
- Directs cool halogen light to the spot for clear 3-D image and accurate depth perception
- Simple to use, easy to carry and very affordable

#20500H Portable Binocular Microscope, Head Mount with Portable Battery Pack
#20500S Portable Binocular Microscope, Spectacle Mount with Portable Battery Pack

**WELCH ALLYN CONSUMABLE PRODUCTS** are designed to maximize the performance of Welch Allyn instruments, and are manufactured to meet rigid conformance requirements.

---

“I can always tell if somebody tries to switch from Welch Allyn consumables to the cheap substitutes. They don’t fit the instruments right, and I worry about the accuracy.”

— BARBARA J. CONNOR, MD
AUBURN, NY
